OCTOBER HEALTH EDUCATION AND WELLNESS PROGRAM—OVER-THE-COUNTER AND PRESCRIPTION DRUGS: Drugs are so common in our lives today, that sometimes we don't stop to think how often, and how casually, we take them. All medicines are double edged-swords. They can alleviate symptoms and in some cases cure disease. Hopefully, when you take a drug it will fulfill the primary function for which it was intended. Each of us has a unique way of responding to drugs, and reactions to a certain drug are not the same for everyone. It is important you take medications exactly as the doctor prescribed and not share them with anyone. October's packet will contain information on the many different kinds of medications, how your body metabolizes them, the side effects and drug interactions, generic vs. brand-name, what to ask your doctor and pharmacist about the drugs you are taking, the effects of some food on drugs, and how to keep your medicine chest safe. Packets will be available at all medical facilities and upon request to Carol Roth, BOC-005, 867-3414 or 867-2026. (JJ-C)

(HM-A-3)

The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. "The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency."
